

MANAGED SERVICES

MONITOR, REPORT, CONTROL

Let us manage your IT environment for you with our affordable **Server Watch** managed service offering. Designed for Nova Scotian businesses, Server Watch addresses IT issues such as;

- **Controlling IT costs**
- **Troubleshooting daily technical glitches**
- **Problem solving disruptions: why is my server slow?**

You have invested in your IT infrastructure and rely on its performance, security and reliability. Dymaxion's managed services plans ensures you have a qualified team ready to service your critical assets. Real time data provides the assurance that things are being done on time, when needed, using the most advanced network asset tracking and performance monitoring.
